MIRACLE PRODUCED BY RED CROSS COMMITTEE

SAN FRANCISCO, June 19.—"A miracle has taken place," said Lyman L. Pierce, executive secretary of the western committee of the Red Cross war council, in discussing his recent tour of 15,000 miles over the twenty states included in the western district, which is expected to raise \$15,000,000 for the Red Cross fund. "Three weeks ago," he added, "no body knew anything about the project to raise a hundred million fund for the Red Cross. The people had their minds filled with other things. When I hit the territory it was virgin soil, strange as that may seem. They didn't know much about the Red Cross, and furthermore, they didn't seem to care very much. "But it didn't take long to bring about a difference. As soon as I impressed it upon the minds of the leaders of the community, you could

AMUSEMENTS

BUTLER THEATER

The feature at the Butler today is a five-reel Lubin production adapted from Cecil Raleigh's greatest drama, "The Great Ruby," with four popular screen stars in the leading roles: Beatrice Morgan, Octavia Hansworth, George Soule Spencer and Walter Hitchcock, all of whom are well and favorably known to the theater-going public.

Tomorrow, a very extraordinary picture will be shown. It is John Mason in "The Libertine," adapted from Julius Steger's American drama, which teaches a great moral lesson. In "The Libertine," featuring this great dramatic star, the theater-going public will be treated to the most surprisingly realistic drama ever screened, for three reasons, an absolute fidelity to life, the total absence of melodramatic exaggeration, and splendid acting.

In this production Mr. Mason lives up to his great reputation, and Alma Hanlon's work abounds in artistic skill, force and magnitude. The production is a story of modern life, strong and gripping.

LIBERTY THEATRE

Robert Warwick and Doris Kenyon in "A Girl's Folly." This is the film unusual. It is also entertaining and interesting. It is the film that will delight every fan who sees it, for it contains a charming love story, a real plot and also moving pictures in the making. The way that a moving picture is made is shown through the medium of this moving picture. The director is seen in action, the stars are seen off stage in unconventional situations, the laboratory is shown, in fact all phases of the making of a movie are shown. The film fan who misses this film misses a real treat.

Mutual Weekly, showing all the latest war news and current events — the best.
Tomorrow: Wedgewood Nowell and Betty Shade in "The Reward of the Faithless," a five-reel Bluebird production. With a villainous husband and his mistress plotting against her Princess Dione had little chance for life. They neglected to supply her with medicines when she became ill, and the beautiful woman died. Brought back to consciousness and health as by a miracle, she bided her time of vengeance and in the end the pair who thought they had rid themselves of their victim paid dearly for their sins.

see the instant change in sentiment. They had been "commandeered" by the president of the United States, and they responded, not reluctantly but uncomplainingly and enthusiastically, all of them, capitalist as well as laborer. And the response went further, church leaders of all denominations, fraternal societies, business interests, large and small. They all told me they were behind the project to the limit. As to the political side of the case, I need only remark that our conferences throughout the states west of the Mississippi were attended by the governors of those states and the mayors of the cities and towns there, or their officially appointed representatives. Needless to say they're all in heart and soul. "I've never seen such a whole-hearted and thorough response to any similar call for funds, and I've been in the business of raising large sums of money for the last twenty years, in most of the big countries of the globe. This canvass for the Red Cross is going through with a whoop."

PERSONAL

MRS. J. LYTTLE returned this morning to Visalia for a summer visit.
JAMES "DOC" CONLISK, representing the Giant Powder company, came in from Las Vegas last evening by auto.

JOHN COUGHLIN, who has been out with the Lost Burro company in the Ubeche country, is back again in Tonopah.

C. G. TITUS, organizer of the Y. M. C. A. Red Triangle fund, left this morning for Reno to complete his returns from Nevada.

HAROLD STOTTSBURY, of the Tonopah Mining company, is steadily improving and his father expects he will be able to remove him to Reno by the end of the week.

CLAYTON SHERIFF, of the Lottrop-Davis company, is in the Mine Operators hospital suffering from an attack of tonsillitis that threatened to prove serious.

SILVER CLIMBING TO EIGHTY CENTS

MANSON SAYS GREAT SHORTAGE EXISTS AND THIS COUNTRY MUST MAKE IT UP

Eighty cent silver is bound to come within the next few weeks and this price may be passed before long is the opinion of F. M. Manson, manager of the Western Ore Purchasing company, who has been studying the situation for several months, in the Reno Gazette.

"I don't know just what the exact conditions are in the east," said Mr. Manson, "but I do know that this country, and every other country, must have silver and there is a shortage now. The entire world is depending to a large extent on this country for their silver and it is going to rise in price."

"Every cent added to the price of silver means greater prosperity for Nevada. Mines that have not been operated for years are now producing and new properties are being added to the list of producers daily. Copper is also due for a general rise. It would not surprise me if it reached forty, but I would not make this as a prediction. Lead, too, will jump to fifteen cents before long."

"The entire mining situation in Nevada is the best it has been for years, with the exception of labor. There is a shortage all over the states and this is getting worse daily although most properties are able to operate efficiently so far."

ANOTHER LOAN FOR ENGLAND

WASHINGTON, D. C., June 19.—Another \$35,000,000 was loaned England today, bringing the total to the allies to \$983,000,000.

TWO BIG NIGHTS OF REAL FUN

Rehearsals of the Woman's Relief Corps big cabaret minstrel show, which will be given on Monday, June 25th, at the Alrdome, are going night and day.

The cast will include more than 40 of the best performers in the entire city, and in the plays many faces familiar to the Tonopah people will be seen before the footlights, and when last seen at a recent rehearsal they were doing funny stunts singing new songs and cracking many new jokes.

If you succeed you think it was because you had enterprise and judgment, but if you fail you think it was because you had no pull.—Galveston News.

Wonderful Soda--

That's what they all say

and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and neatest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want; all the old-timers, and the newest ones.

TWO POWDER COMPANIES DOING THEIR SHARE

The Atlas Powder company has declared a special dividend of one per cent for Red Cross purposes, this in addition to the previous declaration of five per cent. The Hercules Powder company, in addition to its prior dividend of four per cent, also declared a special Red Cross disbursement of one per cent. With the big corporations doing their share, and the individual his, this grand organization will be privileged to carry on its wonderful work. Have you done your share?

RETIREES FROM COMSTOCK

The Bank of California agency at Virginia City is going to close on June 30. Since 1863 this agency has been on the Comstock and for over a quarter of a century after it was started was the financial Gibraltar of the coast. It was a branch of the great Bank of California of San Francisco, established by W. C. Ralston, but it was such a strong branch that it superseded its parent institution during the boom and stormy days of the Comstock.
